**IT'S
HAPPENING
SO
EAST!**

THE STORY

You just realized that your freshman year is gone. Suddenly, it's your sophomore, maybe junior or even your senior year. You have so much going on and it can be so stressful. You have grades to achieve, goals for your extra-curricular activities, colleges to visit and decisions to make that will affect the rest of your life. Plus you have the "Last": last game, last homecoming, last prom, last time you step on the field or stage and last time you walk through those doors. What are you going to remember?

Let's spend a day or two in a stress free, relaxed atmosphere. Feeling confident and beautiful in some gorgeous outfits as we get the best photos of your life to remember all this!

The next few pages give you ideas, solutions and all the information you need to set you up for a wonderful high school photography experience. Fosterstyle is limiting the number of Rockstar influencers this year so don't hesitate to apply and reserve your spot. Senior sessions are still available if you are not chosen.

WHAT WE'RE LOOKING FOR

- *A High School Student*

- *Someone who values photography and Fosterstyle Portrait*
- *Someone who exhibits the purpose of the program*
